

WHEN TO GO WHERE TO GET THE BEST CARE

This table is a guideline, for emergencies please call 911.

DOCTORS OFFICE

A family doctor or nurse practitioner is your primary health care provider. They are the person you make an appointment with when you have a new, non-emergency health concern

You must be registered as a patient to **make an appointment** with a family doctor or nurse practitioner. If you do not have a family doctor or nurse practitioner, you can **register through Health Care Connect** at 1-800-445-1822 Monday - Friday 9am - 5pm.

Check-ups and regular screenings

General medical and behaviour health questions

Questions or concerns about medications

Cold and flu symptoms

Cold and fevers

Mild to moderate pain or discomfort

Management of a chronic condition

URGENT CARE

Medical care for **people who do not have a family doctor** or have one and are **unable to reach them.**

You can see a nurse or doctor, often **without an appointment** at Urgent Care, and get advice, assessment and treatment for non-urgent minor illnesses and injuries such as cuts, bruises, minor infections, sprains, animal or insect bites and skin complaints.

Sprains and strains

Mild allergic reactions

Mild or moderate asthma symptoms

Minor cuts or wounds requiring prompt attention

Moderate pain or discomfort

Mild burns

Animal or insect bites

EMERGENCY ROOM

Emergency rooms provide treatment of **severe illnesses and life-threatening injuries** 24 hours a day, 365 days a year.

If you need **urgent medical attention** for serious illness or injury, visit an ER. A doctor or nurse will assess your condition and decide on a course of treatment.

Babies needing immediate care

Significant difficulty breathing

Broken bones

Severe pain especially in chest or stomach

Severe burns

Possible drug overdose or poisoning

Thoughts of suicide or self harm
